## IROQUOIS MAY GO TO MIDWAY

Owing to the cable steamer Scotia having gone ashore at Guam, and the possibility of the six months' stores for the cable colony on Midway not being delivered for some time, the U. S. S. Iroquois may receive orders to go direct to Midway with supplies to relieve the situation.

The colony is not without supplies, but its luxuries have given out. The Scotia had enough supplies to last the colony until next October or November, but there is no definite time fixed for her being put into condition again to resume her voyage to Honolulu via Midway.

The transport Buford, which is on the way to Honolulu from San Francisco is scheduled to call at Midway en route to Manila, as she is loaded with a quantity of supplies of all kinds for the cable colony. The Buford may therefore relieve the Iroquois of the necessity of making the cruise.

## WATER LACKING FOR H. A. COMPANY

The report of Purser Conkling of the steamer Mauna Loa, which arrived yesterday morning from Hawaii and Maui ports, is as follows:

"On the outward trip we experienced fine weather with little wind and smooth sea. We made the run to Kau on Wednesday landing passengers and mail at Honoupo ten hours ahead of time. During our stay at Kau the weather was fine. Several light showers fell.

"On account of lack of water we got but 3500 bags of sugar from H. A. Co. At Honoupo we got 4000 bags from Naalehu mill. Honoupo mill will start grinding in about a week. Pahaia mill is expected to shut down for repairs at about the end of this month.

"Smooth weather with little wind on the inward trip, except at Kailua, where it began to blow and a high choppy sea arose just before we left. Heavy showers crossing the channel. Weather at Hamakua was fair. Plenty of rain on Maui. The island of Kahoolawe appeared to be flooded as we passed on our way to Maalea."

## TOURISTS PLEASSED WITH BIG ISLAND

Twelve tourists, who have visited the volcano and a portion of the Kona district of Hawaii, returned yesterday on the Mauna Loa. They expressed themselves as well pleased with their trip, and regard the visit to the volcano one which should not be neglected by the traveler. One of the party said he had been all over the world and the impression he received on the big island, was one that he would long remember. The party, after leaving the volcano, went overland embarking on the Mauna Loa at Honoupo.

## TRAVELERS GIVEN A BIG SEND OFF

The departure of the Kinau yesterday was more than an event of weekly interest. A party of tourists, nearly forty in number, left for Hilo to visit the volcano, and the departure will probably be one of the best impressions of their visit to Hawaii. The Government band was present and enlivened the scene, there were plenty of flowers and leis, and everything took on quite a gala appearance. Many of the tourists said they had never experienced such a holiday feeling in their trappings about the globe.

## HARBOR LIGHT IS INSPECTED

Lieut. Slattery, Engineer Corps, U. S. A., who is attached to the local light-house district, spent yesterday examining the lighthouse in the harbor, with a view to determining what may be necessary to increase its efficiency.

### The Midway Light.

While the Iroquois was at Midway last fall Captain Rodman left a light there to be used for lighthouse purposes. This was done owing to the number of vessels which now pass close to the cable island. Should the Iroquois go to Midway in the near future the local lighthouse inspector may obtain orders from Washington to have the light incorporated in the system of lights of the United States, to be maintained as a portion of the district under his supervision.

### Kauai Shipping.

The report of Purser Kaee of the steamer Kauai, which arrived yesterday from Kauai ports, is as follows: "The steamer Mikahala was at Waimea loading sugar. She will have about 1800 bags V. K. and 3000 bags K. S. M.

sugar. The bark W. B. Flint was at Makawell discharging freight. Experienced fine weather."

### Shipping Notes.

The steamers Waialeale and Naeau of the Inter-Island Company were temporarily laid up yesterday owing to the falling off in sugar shipments from Kauai.

On Kauai the following sugar is reported ready for shipment: McB., 18,632 bags; K. P., 1720; K. S. Co., 800; H. M., 1720, and G. F., 5586; making a total of 28,458 bags.

The following sugar is reported by Purser Conkling of the Mauna Loa to be ready on Hawaii for shipment: Honoupo, none; Honokaa, 4700; Punaluu, 3 bags; Kukuihaele, no report.
